Thunder all through the night
Promise 2 see Jesus in the morning light
Take my hand, it'll be alright
Come on, save your soul 2night

Thunder!

Yeah, yeah, yeah, yeah {x2}

Love - nobody know just how it was born
Love first came 2 me with the radio on
Jumped up in my body with an attitude
Kissed me on the mouth and said, "Your leader take
me 2"

CHORUS:

'Twas like thunder all through the night
And the promise 2 see Jesus in the morning light
Love said - "Take my hand, it'll be alright
Come on, save your soul 2night"

Love's kiss was running all through my veins
The bed started shakin', I don't know who 2 blame
Me or this flower right in front of my eyes
Is this my sweet savior or the devil in disguise?

CHORUS

(Oh, all through)

Thunder! (Yeah, yeah)
Yeah, yeah, yeah, yeah (Alright)
(It was truly, trulyâ€¦)

Like rain falling on a window pane
Tears came 2 my eyes when I asked her name
Made me holler when it finally came
Sayin' - "Only the children born out of me will remain"

CHORUS

(Oh)

(Mornin' light)

Thunder!

We'll be alright (Alright)
(It was truly like thunder)
Don't do it like that, do it like this

Thunder {repeat}

(It was truly, truly likeâ€¦!)

Thunder all through the night (Thunder, thunder - yeah,
yeah, yeah)

Promise 2 see Jesus in the morning light (We'll be
alright)

Take my hand, it'll be alright (It's gonna be alright)

Come on, save your soul 2night

Thunder! (Thunder, thunder - yeah, yeah, yeah)

Thunder {repeat 2 end }
