"Willing And Able"

Visit "[Willing And Able](#)" on MotoLyrics.com

Said I'm willin' and I'm able
I'm ready 2 place my cards on the table
I been holdin' back this feeling 4 far 2 long
And now that I'm willin'
It's a fact - it's truly mighty strong

Like a child lost in the wilderness
Till I reach my destination, I won't rest

Cuz I'm willin' (Willin') and I'm able (Able)
I'm ready 2 place my cards on the table (Table)
There's some kings in my deck and a queen or 2
So U know there ain't nothin', nothin' that I wouldn't do
(Nothin' that I won't do)

It 'twas a long time comin', but now that it's here
All the non-believers better fear me

Cuz I'm willin (Willin' and able) and I'm able
I got a good and plenty cards 2 place on the table
(Table)
I been holdin' back this feeling 4 far 2 long
(Holdin' back this feeling 4 far 2 long)
And now that I'm willin' (This feeling)
This feeling is truly mighty strong (Truly)

(I... I'm willin') (Willin')
Uh, able (Able)
My vision is all clear, I'm feelin' kinda stable
U know I am {x2}

I'm ready 2 whisper (Whisper - what cha say?)
Ready 2 shout, yeah (Shout - now what cha say?)
I'm ready 2 scream from the highest mountain top
(Scream - now what cha say? What cha say?)
(Now what cha say? What cha say?)

Oh Lord, I'm willin', willin', able (Willin', able)
I wanna dance and sing, somebody watch me do my
thing

Oh! {repeat}
(Willin') (Able) (Willin' and able) {x2}
I wanna dance and sing, somebody watch me do my
thing
(Dance and sing, let me watch U do your thang)
(Bring it to me)

Let me take a bite 2 see if U're ripe
I'm kinda thinkin' about takin' a whole chunk
A piece of your love 2night

Well hello, M.C. T on a mello
Swing low 2 the tempo as I flow on a roll
Here we go, willing and able start the show right
With that type of hype
I lay my cards on the table 2night
Don't take me light
My flow hits U just like a lead pipe
While I'm clockin'
U just ain't fussin' about the boots I'm knockin'
It ain't like that
Besides, I keep the Jimmy so get off my back
In fact U lack the knack
Step back before I show U how a fool acts, baby
Yeah
