50 years ago a kid stood on the stage
Trying to hold his nerve til the moment that he heard
the music,
I can see him now, it's so hard to believe, so many
things have changed
But one thing stays the same, the music
And I've been blessed to live this life, I gave my best &
now it's time to say

Thank you for sharing the story,
Thank you for being there for me,
Even though time doesn't wait it brought you here
tonight
If I gave you a lifetime well you gave me the time of my
life

Back in 58 I started on this road
It seems like yesterday, when the band started playing
Move It,
So many memories, places that I've seen, timeless
melodies,
It all seems like a dream, it's magic
For every song I've ever sung, I wanna say to everyone
Thank you for sharing the story, thank you for being
there for me,
I'm up here and you're out there, to me it feels just
right
I gave you a lifetime and you gave me the time of my
life

Thank you for sharing the story
Thank you for being there for me
Thank you for the songs you sing with me
Thank you for the love that you gave me

Even if the curtain falls the final time tonight
All I gave you was a lifetime...
But you gave me the time of my life
THANK YOU
