Take these roses off of me
Let me live, let me be
Let my eyes
For a little while
See everything and nothing in their time
I do not mind

And light up the hillside
Who'd have guessed I'd ever learn
To let the walls around me burn
I ate them for so long
And nothing changed
It was just the same
My words

And I don't know if you see me here
I will see you...
But I can tell you your face is clear

Chorus:
Forever
Forever
I will see you
Forever
Forever
Call me close once again

Call me teacher, call me friend
Just like the first time
Call my name
It's all you
It echoes in the walls around this room

And I don't know if you hear me there
When it's dark and no one cares
I will hear you...

Forever
Forever
Forever
I will hear you
Forever

And I wanted you to be
Everything to me
And now I've got to learn to carry on
And I know I cannot hide
This emptiness inside

Nothing is the same since you're gone
Send me letters from above
Such sweet love
Send me strength, send me love
Sing me songs that echo in my head and in my heart

That's where you are...
And I don't know if you feel me here
I can tell you one thing is clear
I will feel you...

Forever
Forever
I will feel you
Forever
Forever
And I will hear you
Forever
Forever
Forever
And I will see you
Forever

Take these roses off of me
Let me live, let me be
