I know it's been a long road
To get these towns behind me and I
Will gladly reap what we may sow I am
There for you and you're there for me

Pictures and photographs
Memories and windows
Goodbyes and epitaphs
Heartbeats and hellos

Are you waiting for
Heart in hand
Woman and man
See me where I stand I am
Heart
Heart in hand

These fields may hold a hunting ground
But the wolves are far behind me and I
Hear the howls and the distant sound
Of the messengers lost at sea

Into the morning light
Followed by madness
Reach through the empty fight
Searching through sadness

Are you waiting for
Heart in hand
Woman and man
See me where I stand I am
Heart
Heart in hand

I know it's been a long road
To get these fears behind me and I
Will gladly reap what we may sow I am
There for you and you're there for me

Pictures and photographs
Memories and windows
Goodbyes and epitaphs

Heartbeats and hellos

Are you waiting for
Heart in hand
Woman and man
See me where I stand I am
Heart
Heart in hand
