No fog, clear in the moonlight
The stars shine so bright, now's the time
I close my eyes

Soft wind touching my face
Cool sand upon the place where I once kissed you
And held you close

Now I will reach for the stars
Because, oh my love, that's where you are

Chorus:
Though the storms of black night rage on
(Oh, they rage on)
I still see your face
I still feel your lips on mine
And though my heart feels all alone without you
I still hear you sing to me
I still hear your voice on the sea

Waves crash, break the silence
Gulls cry the song of lament, I walk on
Through the stormy night

The air cries, flash of anger
Dark night enshrouds the stranger, all alone
Without you

Now I will reach for the stars
Because, oh my love, that's where you are
Chorus

Lay you, lay you down
Lay you, lay you down
Lay you, lay you down
Lay you, lay you down

Lay you, lay you down
Lay you, lay you down
Lay you, lay you down
Lay you, lay you down

No fog, clear in the moonlight
The stars shine so bright, now's the time
I close my eyes

Soft wind touching my face
Cool sand upon the place where I once kissed you
And I held you close

Now I will reach for the stars
Because, oh my love, that's where you are

Chorus

[Repeat]
