We carried all the colors
from the portrait of our summer
We never felt the answers
weighing down our shoulders

Time goes fast when you wander
And nothing lasts forever
Will I still feel the power
of you and me together
and light surround you

I know I'm the lucky one
though I'm always the last to believe
I know I'm the lucky one
Cause I'm here and you're with me

So tell me are you willing
to try this thing called living
cause there are so many edges hidden
It's so hard to be forgiving

But I'll try once if you ask me
And once again everlasting
For all my days I'll love you
and all the stars you run through
see the light surround you
I know I'm the lucky one
though I'm always the last to believe
I know I'm the lucky one
cause I'm here and you're with me

When the wrongs and the rights all've been pushed
aside
You're my favourite color
You're the black to the white and the warmth inside
You're the sun I'm under

I volunteer to watch you
Through the dreams that haunt you
I promise to wake you
before the fear takes you
may the light surround you

I know I'm the lucky one
though it took so long to see
I know I'm the lucky one
cause I'm here and you're with me

May the light surround you
