Here in the light  
It burns you up inside  
Here in the shell of a sun  
We echo on

Too much listening  
Not enough living

And you say  
What did I say  
What did you, you say  
We just go away, go away, go away

It helps you out  
Knowing I'm left out  
Locked in a box with a light  
That won't shine

Turn it on and wait for  
Someone to come

And you say  
What did I say  
What did you, you say  
We just go away, go away, go away

I'm here now, waiting  
Holding on to reasons  
Wasted I faced it  
Watching you deny me

Here in the light  
It burns you out sometimes  
Here in the shell of a sun  
We echo on

Left alone forever  
All alone together

And you say  
What did I say  
What did you, you say

We just go away, go away, go away

And you say

What did I say

What did you, you say

We just go away, go away, go away
