In a minute dear, in a whole second, it? ll come clear
Do you see beauty, do you see love
Right away dear, in the desperate way, no one hears
you call
Do you see beauty, do you see love

In the morning light you lay by my side
In the evening it gets so your love begins to shine

The world is changing but my love will remain
Do you see beauty, do you see love, do you see
anything at all

Theres a love that never comes back down
It feels like something is gonna happen now
Love it calls your name no matter how you try
And I can? t recall a time when I didn? t love you

Do you see beauty, do you see love, do you see
anything at all
In all this time we waste precious time you waste
I can? t hide it anymore x2

Love, love, love
Love is what you keep
Love is what you need
