Are we gonna figure out or make it round our little  
circular trend  
Are we gonna break it down or hang around or make it  
good in the end

You make me smile when I don't feel like dealing  
You're suicidal and you're fresh out of feeling  
You say I love you like a slap on the wrist  
Do I deserve this

Are we gonna build it up or blow it out our little fire of  
sin  
Are you gonna fuck it up or hear me out or honey will  
you give in  
Yeah

You make denial into some kind of fashion

You want my child but you don't have the passion  
You say I love you like a slap on the wrist  
Do I deserve this  
Yeah yeah yeah  
Do I deserve this  
Yeah yeah yeah  
Do I deserve

You make me smile when I don't feel like dealing  
You're suicidal you're fresh out of feeling  
You say I love you like a kiss on the lips  
Do I deserve this  
Yeah yeah yeah  
Do I deserve this  
Yeah yeah yeah
