Sleep in late, a day, a week, a year
Open my eyes, how'd I get here?
Order food and turn on Oprah
Things are clean in Canada

I think I just might, prefer that
I think I just might, repeat that
I think I just might, repress that
I think I just might

I think I just might, Veruca
I think I just might, salt that
I think I just might, change the channel
I think I just might

Thieves are on the loose again, yeah
Thought you were my friend, you are not
Find what your heart is after
Bite your tongue, you fucking bastard

I think I just might, prefer that
I think I just might, repeat that
I think I just might, repress that
I think I just might

I think I just might, free that
I think I just might, obsess that
I think I just might, said blow it out your ass
I think I just might

Oo, oo, oo, hoo

I'm taking Europe with me
So they'll be one less soul to rescue
You come with me
So they'll find two less freaks at sea

(Taking)
Europe with me
So they'll be one less soul to rescue
You come with me
So they'll find two less freaks at sea

Cest tout, cest finit
