Be my blind
Be it all the time
Be it night or day
Take my sun away, away

Levelor, which of us is blind?
Levelor, left me in the dark
Levelor, I can't see a thing but you
Is it morning?

Blinds me please
I am on my hands and knees
I can only pray
Take my sun away, away

Levelor, which of us is blind?
Levelor, left me in the dark
Levelor, I can't see a thing but you
Is it morning?

It is time
It is time
Oh oh

Levelor, which of us is blind?
Levelor, left me in the dark
Levelor, I can't see a thing but you
Is it morning?

Levelor, which of us is blind?
Levelor, left me in the dark
Levelor, I can't see a thing but you
Is it morning?

Levelor
Levelor
Levelor
Levelor
