Bored of you and everything you've done  
Maybe that's not true before  
Now but it's for  
Now all you to be exactly what I need  
To be amazed what I believe, what I believe

Do it yourself till someone else arrives  
Disappointment hurts you  
Now you know why not to try  
Can make you feel so small and real pissed at yourself  
For being for real

And I believe that we'll last a long time  
Ever after till we both wish we were gone

Did you know that you'd be gone so long?  
Glorious has spun the web for weakening I've become  
To be exactly what I need  
To be amazed what I believe  
And I believe that we'll last a long time  
Ever after till we both wish we were gone

There's no place that I'd rather be than nowhere  
Quiet storm king you will soon be on your own

And I'm afraid that we'll last a long time  
Ever after till we both wish we were gone  
We sit still while it comes so it comes too slow  
Quiet storm king you will soon be on your own

There's no place that I'd rather be than nowhere  
There's no place that can hurt you like your home  
Ever after till we both wish we were somewhere  
Quiet storm king you will soon be on your own
