You should know that I love you  
I can't help but fall for you  
Oh honey I'm just a fool  
Now you know  
Darling, I'll never be true  
You see, for so long I was blue  
I'm not the lonley one  
And if I hurt, then you would too  
Oh honey I always lose  
Now you know  
Lover, when will you  
I'm afraid no one will  
Lover, can't find you  
I swear to God don't leave me here  
Now you know  
Only you know it can't be  
When no one else really means  
Anything to me  
If you hurt inside  
If you confide in me again  
Since you ran away  
Hold me now, tell me how  
Nothing's lost  
Lover, when will you  
I'm so afraid no one will  
Lover can't find you  
And no one knows what brings us here  
Lover  
Hold me now  
Hold me now  
Tell me how  
Nothing's lost
