Tell me what you wanted
Tell me what you wanted
Tell me, tell me

She's the one never gets what she wanted
She's the one doesn't get what she does have
Got a daughter with the eyes of a genius
Who's got a mother, don't matter
That's where it all breaks down

Mommy dearest, kinda Vegas, she's a freak scene
Over-rated, unrefined, she's a dope fiend
No one stays, wonder why, she's a bad dream
Someone wake me up it's hot as hell here

I don't wanna go where there's smoke and mirrors
Take me to the desert where air is clear
I'd rather hang out on the strip with the cokehead
queers
Then take an order from a killer
Your atmosphere is rotten
You may want me but I don't want you back

She's a drag, kind of lame, leaves a bad taste
After hours prop her up, she's in outer space
Get some balls, be a pro, be a man
Wanna get there faster but she can't come down

Hey, I don't wanna go where there's smoke and mirrors
Take me to the desert where air is clear
I'd rather hang out on the strip with the cokehead
queers
Then take a lesson from a loser
Your atmosphere is rotten
You may want me but I don't want you back
You may need me but I don't need you back
You may love me but I don't love you back

Tell me what you wanted
Tell me what you wanted
Tell me what you wanted
Tell me, tell me

I don't wanna go where there's smoke and mirrors
Take me to the place where the coast is clear
I'd rather hang out on the strip with the cokehead
queers
Then take an order from a killer
Your atmosphere is poison

I don't wanna go where there's smoke and mirrors
Take me to the desert where air is clear
I'd rather hang out on the strip with the cokehead
queers
Then be a traitor to my gender
I'm outta here

Oh oh oh, smoke and mirrors
