Your the pearl in the quicksand  
You sink without a sound  
I'm the girl with the tiny hands  
Planted underground  
Your the dream, I'm the dreamer  
In the dream your still around

See the sun falling down  
See the sun falling down  
See the sun falling down  
See the sun falling down

Your the bleach  
When everything went black  
The relief I found  
Your the sliver of hope in my lap  
Your soft, warm, round

See the sun falling down  
See the sun falling down  
See the sun falling down  
See the sun falling down  
Falling down  
Falling down

Goodnite moon  
Goodnite mush  
Goodnite ladies saying 'hush!'

Goodnite moon  
Goodnite mush  
Goodnite ladies saying 'hush!'

See the sun falling down  
See the sun falling down  
See the sun falling down  
See the sun falling down

See the sun falling down  
See the sun falling down  
See the sun falling down
