Green or red, good night, remember
Green is best, of all the flavors
Go ahead it's only water
I love my swedish fish (x3)
He's my secret wish
Talk to me, I need attention
Tell me all of your confessions
Tell me if I cease diminsion
I love my swedish fish (x3)
He's my pisces gift
And I'm never coming back
I am too far gone
Won't you be heading this way before too long
I'm holding to you
I love my swedish fish (x3)
He's my secret wish
I love my swedish fish (x3)
He's my favorite gift
