Louise post: touch, light as a feather  
I will wait for you honestly  
I am yours entirely

I remember last night's dream  
Could it be your one of me?

Dave grohl: I have known  
Your face inside the window  
And the force forever in my heart  
Like an angel's arrow

Louise post & dave grohl: I remember last night's  
dream  
Could it be your one of me?  
I've been waiting silently  
Will you risk it all with me?  
Ahh, ahh, ahh  
Ahh, ahh, ahh

I have known (touch, light as a feather)  
You face inside the window  
And the force forever in my heart (I will wait for you  
honestly)  
Like an angel's arrow (I am yours entirely)

I remember last night's dream  
Could it be your one of me?  
I've been waiting silently  
Will you risk it all with me?
