Keep on, you gotta keep on, you gotta keep on! (Repeat 2x)

[Zev Love X]

You got to keep on, the break of dawn shit  
Smoking cancer sticks, and you don't quit  
We'll never never know retore bit  
No "What's up X?" The O.E. alcohol  
I satill get paid and I write albums  
Sip the coke rums, loop the trope drums  
Thirst it down, plums I think of stunts are dunce  
My rap labelmates? They all smoke blunts!  
We're on this tour once, bus was all full  
>From Albuquerque to like Acapolco  
See, it was Lord J, Sadat, Alamo  
Busta and myself, in the back with the O.O.Z.  
Deep in Cali near the valley where we saw the rains  
Sess is the best till all it settles in the brain  
And if you ever did, God forbid you did  
Get on that bus and do a red eye to Alex Kidd  
Word biz, had the whole crew relazing  
Boogie Brown with the box, booming new tracks and  
Quest wants a stogie, he told some to ask Dinco  
He had one more, to best 'em down, now  
A keep ??? a push by the backside  
Sneaks hit the blacktop, damn I hate that flat top  
Just then the bus driver had the nerve to  
To say "Stop the smoke" he curving and swerving  
He popped junk like the sea sick sales of fuss  
Not like we got top post like on that De La bus  
This was a Greyhound, the bunks were open  
So fuck it, let the motherfucker overdose  
We puffed his luck, he wasn't bullshittin  
The next L was litten and hitten, so now he quittin'  
We couldn't stand to stay in San Jose  
Plus we had a show in L.A. that same day  
He said he'd take us down but he had to shake us down  
For 5 yards, between the guards that's might trife

Mad heads make mad forwns no might like  
Let's ask Busta, wanna rim his white wife?  
Planning to hitchhike, a six-oh, one switch  
Forces in our midst, on the bust, the boy is one bitch  
Niggas got edgy like a knife  
Dedicating niggas delight to my man and his wife  
You might think that's a bitch, because here's the shit  
But only one week in Gotham a show at the Ritz

And you don't quit, til the last Philly is split  
Get a buzzed bus driver over the contact blintz

And you don't quit, til the last Philly is lit  
Get a buzzed bus driver over the contact blintz
