"Never Let You Down"

I'm trying to keep my feet on the ground.
I'm getting to like this feeling I've found.
I'm getting to love
The thought of having you around.
And I will never let you down.

Your friends were all well-meaning
When they said, no one is good enough for you.
But if they play with your emotions
Dismiss the notion
And do what you have to do.
Cause people don't take chances with their hearts.
Since I've met you I am pass the hardest part.
So remember one thing
I will never let you down.

I'm trying to keep my feet on the ground.
I'm getting to like this feeling I've found.
I'm getting to love
The thought of having you around;
And I will never let you down.

Sometimes you feel defeated
But it's OK...
You're not the only one.
And all the complications,

Bad situations happen to everyone
It doesn't matter how it ended or began.
Sometimes the best that you can do is change your
plans.
I hope you understand that
I will never let you down

I'm trying to keep my feet on the ground.
I'm getting to like this feeling I've found.
I'm getting to love
The thought of having you around;
And I will never let you down.

I'm trying to keep my feet on the ground.
I'm getting to like this feeling I've found.

I'm getting to love
The thought of having you around;
And I will never let you down.

I'm trying to keep my feet on the ground.
I'm getting to like this feeling I've found.
I'm getting to love
The thought of having you around;
And I will never let you down.
