i'm feeling very moose like
you think that i could lead you?
or humble, more like david
would you help me cause i need you?
or i'll be charismatic
with the power to persuade you
supposing i'm a savior
or a drunkard, or your highness
you slither in these sheets
and then you ask me for forgiveness
i'll tell you parables of making love
and spreading kindness
flames rise like butterflies
been frightened by my stompin'
i'm laughing' cause they don't know who i am
the philistines toss tangerines
'cause springtime is for dancing
in like a lion and out like a lamb
golaith sits and watches
tired of this investigation
so children grab your M-16s

and load you ammunition
i will work all night
rewrite the book of revelations
flames rise like butterflies
been frightened by my stompin'
i'm laughing' cause they don't know who i am
the philistines toss tangerines
'cause springtime is for dancing
now go and tune your guitars
and i'll meet you here tomorrow
grab that case of scotch
it's all the courage you can swallow
i'll burn for your sins
but i'm expecting you to follow
flames rise like butterflies
been frightened by my stompin'
i'm laughing' cause they don't know who i am
the philistines toss tangerines
'cause springtime is for dancing
