I've grown tired of conversation, all the play-by-play  
A remedy for my salvation seems so far away  
Full-time jobs and part-time wages, all the cubicles are  
cages  
Messages and medicines too bitter for my taste

Now all I'm wanting, all I'm needing  
Is to send my mind out the body  
When you come around  
All I'm wanting, all I'm needing  
Is one more drink and a spoonful of sugar  
To wash it all down

Fabricated, complicated, I am not ashamed  
You know I wanna be x-rated  
(X-rated)  
Can I have a reset? Can I buy a cigarette [unverified]?  
They're the ones that attract like a magnet  
I got skeleton chips so deep bones were turned to dust

What I know is, all I know is  
I will not outgrow this like another hand-me-down  
All I'm wanting, all I'm needing  
Is one more drink and a spoonful of sugar  
To wash it all down

All I want is, all I need is  
For you to break my fall with your body  
When I hit the ground  
All I really want is, all I really need is  
Is one more drink and a spoonful of sugar  
To wash it all down

Spoonful of sugar  
To wash it down  
All I want is a little  
Spoonful of sugar  
(All I want is)

Spoonful of sugar  
(All I want is)  
Spoonful of sugar

(All I want is)  
To wash it down
