\* this album was only released promotionally (bootlegs do exist though)

"You know what?"

"Suspended animation, the grey expansion casting shadows over the sun" (Repeat 2x)

[Zev Love X]

I get bust and you never hear a word flinch  
I nerve pinch, cause I've been smoking herb since  
I've been splitting blunts, I lick 'em then I spit once  
It's nasty, shit tastes like cancer in my tounge and front  
I'm fired up, I gots to get riled up  
I've been sober since the last one dried up  
So light up, get the Philly broke, smoke a toke  
Light up, cause when I pull, I pull until I choke  
Like \*coughs\* and that's the only shit I'm choking  
Ducking hookers, saying "Yo why you be buying?"  
I'm fucking stuck in (suspended animation) for one I'm done  
Casting shadows over the sun for fun  
I got hen to keep the chicken heads roasted  
This should be boosting until I hear some Whitney  
\*crazy singing\* Houston  
So bitch hit the blunt and lose the Triple Fat Goose and  
You're high dealer, even if it say scheming  
Play some jams with some motherfucking bass in it!

"Suspended animation, the grey expansion casting shadows over the sun"
