"Be You In Me"

Visit "[Be You In Me](#)" on MotoLyrics.com

Lord take all that hinders me
Please come and have Your way in me
I put no faith in my ability
Please come live and move through me

Be the light that floods my darkness
Be the strength in all my weakness
Be perfection that covers over me
Come and be You, Come and be You
Come and be You, Come and be You in me

As You love me, let me be Your love
As You heal me, let me be Your hands
As You lead me, let me be Your feet
As You hold me, please come and be
