There must have been better days than this  
But even those days didn't go noticed  
We tend to want something else  
A little more, how much more will finally please  
Maybe it's useless shedding all these tears you see  
Blessed are those who don't forget they are  
Misery keeping your attention company  
Maybe it's time for it to leave

If only I, if only I, if only I  
Could get away from this  
If only I, if only I, if only I  
Could benefit from this

Sometimes we miss what's between the lines  
These eyes are quick to stray to the other side  
But even grass on every side  
Has a time to lose its shade of green  
Maybe it's useless shedding all these tears you see  
Blessed are those who don't forget they are  
Misery keeping your attention company  
Maybe it's time for it to leave

Life's not walking on straight lines  
Brace yourself it's gonna be a messy ride  
Grace just get there ahead of me in time  
Maybe yesterday won't follow behind  
Don't Follow behind  
Just leave it behind  
Gotta leave it behind  
Maybe it's time  
Don't you think it's time  
You're wasting time  
Well I think it's time
