Would it be easier
If everyday was perfect
And life was handed on a plate to you
Would you be different now
Would you be stronger now
Without the storms that awaken you

Inside to rise and face this life
Will you deny yourself this chance to change
Inside don't let your spirit die
How long will it be before you're freed inside

Numb to all emotion
Not knowing our condition
Can we ever find true piece of mind
Is it here and now
Do we dare to find
Our souls are begging us to dig
