Hey you, why you looking so down  
Standing under a rain cloud wondering  
When the sun's coming around  
And you feel, like you're drowning in your fears  
Wondering, if this messy sea is ever gonna be split in  
two

Wrap yourself in the comfort of self pity  
Giving up on the things you cannot see  
This thing called faith, ain't no joke playing with  
your doubts  
You're desperate for a miracle now

I cry undo me, undo me  
Undo me, completely  
Undo me, undo me  
'Till I'm undone  
'Till I'm undone

Ain't it funny we try to justify our fears  
Exaggerate the sacrifice while sitting on a bed of  
blessings  
So dry your tears and run to your God  
This one truth I know less of me and more of Him

And if your guilt and shame  
Is keeping you from your God  
Well, don't you know  
Nothing can separate you from his love  
We are more than conquerors through Him  
Who loved us to give us His Son  
Don't let this song be the end of your  
conviction  
Run to your God and cry
