Has anybody seen the  
Happy Man?  
At peace with everybody cause  
He understands

All the people that have hurt you  
You can play the blame game  
But it's no good  
Have you understood?  
Baby it's no good

Whatever happens today,  
he doesn't mind  
Cause he knows happiness, is a  
state of mind

All the people that have hurt you  
You can play the blame game  
But it's no good  
Have you understood?  
Baby it's no good

All the pain is hard but  
It's what we need  
It a change to grow or  
A place to bleed  
Move on baby  
It's just a game in your brain  
Choose freedom baby

All the people that have hurt you  
You can play the blame game  
But it's no good  
Have you understood?  
Baby it's no good
