All you have to do is breathe
Feel the peace underneath
All the chaos, you, perceive
It's just, your mind, it's fine

She takes me to a higher place
Full of love, in inner space
The world, is just, a dream
Not what, it seems, to be

Chorus: Yeah, Babe; It's totally safe
To ride The Flying Lotus

Tastes the nectar of her power
Love, her lotus flower
She takes, me in, to bliss
Where, I don't, exist

Forget about reality
Just a dream on which we all agree
So much, more, to see
To be, Infinity

Chorus: Yeah, Babe, It's totally safe
To ride The Flying Lotus x2 Babe! aaaaahhhh.

Forget about reality
Just a dream on which we all agree
So much, more, to see
To be, Infinity

In you, in me, Inside, Ride, The Lotus
