(The bullet's in the gun)
You're undercover
My secret lover
You're what I need
My bullet's in the gun
(Bullet's in the gun)

You're undercover
My secret lover
You're what I need
My bullet's in the gun
(Bullet's in the gun)

I met you at the club no further comment
I said baby let's go back to your apartment
And girl take off your dress let's make this place a
mess
It feels so good, so tell me why should I confess?

(The bullet's in the gun)
You're undercover
My secret lover
You're what I need
My bullet's in the gun
(Bullet's in the gun)

You're undercover
My secret lover
You're what I need
My bullet's in the gun
(Bullet's in the gun)

Man, I'm a man machine
Check out my style cause I'm going real wild
I'm plugging in keyboards one at the time
And then I got a song, got a song in no time

Man, I'm a man machine
Check out my style cause I'm going real wild
I'm plugging in keyboards one at the time
And then I got a song, got a song in no time

I can't wait for you to turn the lights off
This is something that I don't want to get out of
And I keep thinking of the love that we could share
So what's a boy like me supposed to do without you

You're undercover
My secret lover
You're what I need
My bullet's in the gun
(Bullet's in the gun)

You're undercover
My secret lover
You're what I need
My bullet's in the gun
(Bullet's in the gun)

Hello? Are you gonna be a man? Because you better
act like it
(but you're so fresh) fresh? I want a real man
I don't have time for this shit
(I'm coming after you)

You're undercover
My secret lover
You're what I need
My bullet's in the gun
(Bullet's in the gun)

You're undercover
My secret lover
You're what I need
My bullet's in the gun
(Bullet's in the gun)

Man, I'm a man machine
Check out my style cause I'm going real wild
I'm plugging in keyboards one at the time
And then I got a song, got a song in no time

Man, I'm a man machine
Check out my style cause I'm going real wild
I'm plugging in keyboards one at the time
And then I got a song, got a song in no time

(The bullet's in the gun)
