I won't be the circus for you to star in.
I won't leave you roses to watch them die.
You won't be the heartache that keeps me sleepless.
You won't be the songs I could never write

Chorus

I don't want to stay, I don't want to fall.
I don't want to have see you leave me.
I don't want to take, I don't want to lose it all.
Maybe I'm a fake, maybe you're a lie.
Maybe our last chance died with last night.
'Cause I don't want to stay, I don't want to fall in love
with you again.

I won't be a fortress for you to hide in.
I won't be the first one you think to call.
You won't be the regrets that I can't live with.
We won't be the last ones to ever have to lose it all.

Chorus

Wen we're scared and lonely we will tell ourselves
we're only just a word from what we needed.
But we know this ain't right.

Chorus

I can't stay.
I can't stay.
I can't stay.
I can't stay for you again.
