Oh no no, you'll never be acquainted
Oh no no, you'll never be acquainted

Old tears, lost voice,
she's playing
Foul play, but it's your choice,
she's waiting

But Eve, you'll never be acquainted
Eve, you'll never be acquainted

She's faking,
she won't play it fair
She'll cash in on the profits
of her despair

But Eve, you'll never be acquainted
Eve, you'll never be acquainted
Oh no you won't

Eve, you'll never be
Eve, you'll never be
Eve, you'll never be acquainted

Eve, you'll never be
Eve, you'll never be
Eve, you'll never be acquainted

Twisted, a pretender,
she's waiting till I weaken,
defend her,
she's playing

But Eve, you'll never be acquainted
Eve, you'll never be acquainted
Oh no you won't

She'll take as much as she can get
she reings the table, places her bets

But Eve, you'll never be acquainted

Eve, you'll never be acquainted
Oh no you won't

Eve, you'll never be
Eve, you'll never be
Eve, you'll never be acquainted

Eve, you'll never be
Eve, you'll never be
Eve, you'll never be acquainted

Slow storm raging through this land
she regains her strength
Slow storm raging through this land
she regains her strength in the rain

Oh no no, you'll never be acquainted ...
