first round, you're knocked out,
start to count the bruises
could never win,
stayed out if the ring,
with those pretty, pretty things
who rules the losers

skip the battle, find yourself
a nice girl and settle down
never really wanted you anyway
I never really wanted you anyway
(hey hey hey hey)

An older lover,
she blew your cover, my latin lover
is hooked on his mother
bound and tied to mama-mia,
she's his biggest fantasy,
oh she will never ever leave her little
boy, her man, her toy but my fan

skip the battle, find yourself
a nice girl and settle down
never really wanted you anyway
I never really wanted you anyway
(hey hey hey hey)

well it's the fight of the night my
love, sweet love, oh mama
she has hidden your gloves,
what a pitty
you better start to tremble,
it's gonna be rough my love
it's too late to change your angle,
you're knocked out the first round,
you're knocked out the first round

skip the battle, find yourself
a nice girl and settle down
never really wanted you anyway
never really wanted you anyway

(hey hey hey hey)
