Sleep with the window open

Sleep till tomorrow

Be my hero

Be without being lonely

Try to open

We try to open

Hoping for a hero

I want something

I want everything

I want nothing

Nothing else

I want someone

Not just anyone

Be my hero

Keep what is secret

Secret

We can believe it

Be my hero

I want something

I want everything

I want nothing

Nothing else
I want someone
Not just anyone
Be my hero
See how we measure feeling
>From a distance
See how we measure people
Into zero
I want something
I want everything
I want nothing
Nothing else
I want someone
Almost anyone
