Get up and dance
You got my system overloading right now
I think this audition is over right now

As I look across the club I'm stuck at what's across from
me
Wanna see your potential cause I'm taking what she's
offering
Take one, take what you wanna do
Shake that body, take over the room

Get up and dance
Wish you could see what I'm encoding right now
Turn it up louder
Ain't no way I can sugar coat it right now
Get up and dance
You got my system overloading right now
I think this audition is over right now

Uh-oh, uh-oh, Oh-oh-uh-oh
Uh-oh, uh-oh, Oh-oh-uh-oh
Get up and dance
You got my system overloading right now
I think this audition is over right now

The way you whippin' up the floor like you rehearsed
the moves
I think I wanna go where only you can take me to
Lost focus on everybody else but you when you walked
in the room

Get up and dance
Wish you could see what I'm encoding right now (Get
up and dance)
Turn it up louder
Ain't no way I can sugar coat it right now (Turn it up
louder)
Get up and dance
You got my system overloading right now (Turn it up
louder, oh)
I think this audition is over right now

You shouldn't think too much about it, baby
Just gotta move a little closer to me
Watch my body as you follow my lead (my lead)
You gotta get up and dance with me

Wish you could see what I'm encoding right now
Turn it up louder (Turn it up, turn it up)
Ain't no way I can sugar coat it right now
You got my system overloading right now (Turn it up,
turn it up)
I think this audition is over right now

Get up and dance
Uh-oh, uh-oh, Oh-oh-uh-oh
Uh-oh, uh-oh, Oh-oh-uh-oh
You got my system overloading right now
I think this audition is over right now

Get up and dance
Wish you could see what I'm encoding right now
Turn it up louder
Ain't no way I can sugar coat it right now
Get up and dance
You got my system overloading right now
I think this audition is over right now

Rock your body on the dance floor
Work the camera like a superstar
Get up and dance
You got my system overloading right now (There's
something about ya)
I think this audition is over right now (About ya, yeah
yeah yeah)

Uh-oh, uh-oh, Oh-oh-uh-oh
Uh-oh, uh-oh...
