You want to cause me death,
when you are acting that way I'm wrapped around your
fingertips,
I beg you just stay
I'd always thought that we were two of a kind
But no we are not, now you can kiss my behind

Oh you know I cried,
but now I'd rather die
Than be with you again
I always tried,
but now I've realized
I won't go through this again

Believe it or not,
but I'm still alive
You're feeding off my blood
just like a kick in the eye
Every time you hurt me,
I lie helpless for a day
I try to stand up but you're in my way

Every time you hurt me,
I lie helpless for a day

I try to stand up but you're in my way

You know I cried,
but now I'd rather die
Than be with you again
I always tried, but now I've realized
I won't go through this again (x2)

Bitch, you know I cried,
but now I'd rather die
Than be with you again
I always tried, but now I've realized
I won't go through this again.

You know I cried,
but now I'd rather die
Than be with you again

I always tried, but now I've realized
I won't go through this again.
