We've gone a long way while learning
still our hearts kept on burning
we've gone right, we've gone straight
and ended up far - out

we've reaped the fruits of deception
opened the doors of perception
and burned down all the bridges
we came across

Chours:
when will you be whole again ?
we've both been down that road
going nowhere
still you ask is love to blame ?

when will you be whole again ?
we've both been down that road
going nowhere
still you ask is love to blame ?

We've gone a long way while learning
still our hearts kept on burning
we've gone right, we've gone straight
and ended up far - out

we've reaped the fruits of deception
opened the doors of perception
and burned down all the bridges
we came across

Chours:
when will you be whole again ?
we've both been down that road
going nowhere
still you ask is love to blame ?

when will you be whole again ?
we've both been down that road
going nowhere
still you ask is love to blame ?

(Solo)

Chorus:

when will you be whole again ?
we've both been down that road
going nowhere
still you ask is love to blame ?

when will you be whole again ?
we've both been down that road
going nowhere
still you ask is love to blame ?
