I got a feeling
That tells me something's wrong
I guess I'm just jealous
But I'm afraid you know something
I should know

(I) got the feeling deep inside
That you know something
I should know
I know that something isn't right
'Cause I hold secrets, too
And you know

I got a feeling

That tells me something's wrong
I guess I'm just jealous
But I'm afraid you know something
I should know, too

(I) got the feeling deep inside
That you know something
I should know
I know that something isn't right
'Cause I hold secrets, too
And you know
