Hey you, in the middle of the night with the lights on
Do you believe that you could love?
Hey you, with your head up in the clouds and your eyes
closed
Did you ever think we'd grow?

Hey you, throwing everything away just to save face
And the silence of it shows
Hey you, you can wish it all away in a heartbeat
But is it free, is it free, is it free, free, free, free?

Don't you stop everybody wants you
But you can't say no if you even try
What you see inside if you could believe it
But you can't believe a single word

I say to you, "Would you ever want to walk
Away from here if you really loved?"
Believe now whatever you want to believe
But you can't believe a word
I said, "I can't believe a word"

Hey you, still silence in the eyes of the idols
Did we believe that you could know?
Hey you, doing everything you can just to blend in
What was there to show?

One day, we are never [Incomprehensible] when it's
over
Until I raise my hand
Hey you, you could never know your way like you
wanted
Just set us free, us free, us free, free, free, free

Don't you stop, everybody wants you
But you can't say no if you even try
What you see inside if you could believe it
But you can't believe a single word
I said, "I can't believe a word"

Don't you stop, everybody wants you
But you can't say no if you even try

What you see inside if you could believe it
But you can't believe a single word

I say to you, would you ever want to walk
Away from here if you really loved?
Believe now whatever you want to believe
But you can't believe a word
I said, "I can't believe a word"
