Runnin? runnin? down your face flows a sea straight
through to midnight
"Are all the dreams this loud", she says while the stars
swim in the dark
And around and ?round we?re turnin?, sketchin? rings
down in the sand
We?re moving ?neath the melting moon 'til we wash
the world away

And the days just wash away, just slip away
And the time just keeps on spinnin?
And the time just keeps on spinnin?

And tonight we?re not alone, we pull the sky down by
our side
And I?m not leavin? you anymore
Standin? in the sand, starin? at the sun, twistin? into
sound
And I?m not leavin? you anymore

Burnin? down in the fire, we send our words up to the
moonlight
In the night time we are changed again
Sheddin? skin ?neath the summer sky
And around and ?round we?re turnin?, watchin? words
splash into stars
We?re wadin? through the melted moon 'til we wash
the world away

And the years just falling tears, just falling tears
And the time just keeps on spinnin?
And the time just keeps on spinnin?

And tonight we?re not alone, we pull the sky down by
our side
And I?m not leavin? you anymore
Standin? in the sand, starin? at the sun, twistin? into
sound
And I?m not leavin? you anymore

Standin? in the sand, starin? at the sun, twistin? into
sound

And I?m not leavin? you anymore

And I?m not leavin? you anymore

And I?m not leavin? you anymore

And I?m not leavin? you anymore
