Sunlight fights the shadow in her face, it's a bright new day in the streets of Elastic City, her eyes are turning red in the love guerilla, it's a lost generation we just escape from, we're refugees and you know it really hurts like a mother--

Trying to reach our final destination

Walk into a new coalition, headed for a dangerous decision, elastic heart take me on a final mission to the battle of Elastic City

Sun defeated the shadow in my heart, and cleared my sight in the fog of Elastic City, her eyes are smiling back, now we can fight together, it's justice we seek, we'll try to make the world better, and start in the streets of Elastic City,

Her energy will spread across the nations,

Walk into a new coalition, headed for a dangerous decision, elastic heart take me on a final mission to the battle of Elastic City

It's a new coalition, a dangerous decision, elastic heart take me on a final trip to the battle of Elastic City!

Join my team, watch the scene, there's never seen elastic dreams

It's a new coalition, a dangerous decision, elastic heart take me on a final trip to the battle of Elastic City

Walk into a new coalition, headed for a dangerous decision, elastic heart take me on a final mission, elastic heart take me on a final mission, elastic heart take me on a final mission to the battle of Elastic City!

Walk into a new coalition, headed for a dangerous decision, elastic heart take me on a final mission to the

battle of Elastic City
