Supreme

Funds come my way

Lose it all

But it was nothing anyway

What's done is done

and I know I'll be safe

In time you will see (So beautiful)

Gotta set me free

And you're all very proud

When there's nothing left to steal, When I feel so real it
scares me

Have I ever asked for more?

Betrayed

My plan ends a war with me

Its never up to me

I know they'll all pray

How far kid?

Cos from here it looks like a long way down and I cant
climb

back up

(Like a slow crawl) That's keeping me from you

And you're all very proud, When there's nothing left to

steal

When I feel so real it scares me

and have I ever asked for more?

Was I that insecure?

Can't you stick out your face

Can't you push it out some more

Yeah

Can't you stick out your face

Can't you push it out some more

Yeah

I know its all in there but I cant see

I cant see that far

Ultimatum time

Now what's it gonna be

Something

Something's wrong

Something's wrong

Something's very wrong

Please can I have more time?

If I see you again I'll laugh right in your face
