2 miles a second  
Faster than you  
I'm faster than darkness

(One plus six is one)

I'm  
Darker than you  
Darker than the gods  
Brighter than you  
Brighter than the gods

5 miles a second  
Closer to him  
Screaming like an angel  
Nailed to a cross  
Of steel

(One plus six is one)

6 miles a second  
One plus six is one  
Tell him  
Tell me  
Tell us  
I  
See

The dark moon  
A reflection in his eyes  
Six plus one is nine

9 seconds away  
My darkness is one  
My light is six  
We are one  
Soon I'll be the samhain of your soul  
9 seconds and counting  
Where the hell am I?
