Benny, pass me the remote control  
I just have to escape  
Happy, only in the afternoon  
That's when I pass away

Oh boy, those were the days  
Those of the holiday light

Peggy, what have you done with your hair  
I just have to go now  
Preacher, tell me about your TV show  
The apple knows his tree

Oh boy, those were the days  
Those of the holiday light

Peggy, I'm not kidding when I say  
That I really need a beer  
Oh god, I'm really tired of this song  
But it helps me get along

Benny never learnt to fly...
