"The good goblin"

You pull me
Back
My life in your
Sack

Little goblin

You wash my
Face
My dirt is you
Eyes

Little goblin

Oooh... little goblin
Aaah... little death

My sacred soul
Sleeping softly
Sucking the cement
from your
Fear-shambling-mind

Go-go goblin,
be my Bermuda

We wish Vishnu together
Laughing at empty threats
Who's gonna hurt us?
Who's weak enough
To believe?

Godless goblin... goodbye...
