Psychedelic Furs Alice's House Lyrics:

In the house where Alice lives

(Alice's)

it's a mess of souvenirs

there to remind you telling the time

in the garden where you go

flowers die

people say it's cold out there

you disagree, she's telling me...

(CHORUS)

Come and spend the day

at Alice's House

pass some time away at Alice's House

writes a note saying

"Please don't go,

please don't go"

In the softest room you see

without a key

the butler is serving tea

wearing a shirt without any sleeves

(CHORUS)

in the bedroom down the hall

your secret sleeps

it is always late at night

won't you stay

why don't you stay?

In the house where Alice lives

(Alice's)

It's a mess of souvenirs

there to remind you telling the time

(CHORUS)

Alice's house
