"My #"

by Public Distortion

You can offer assistance  
You can even steal my car  
But i bet you baby  
that you wouldn't get far  
I'd like to show you my lover  
She's just my mama's kind  
Mama's kind  
Il'd like to show you my lover  
she like's to 69  
All the time(chorus)  
As you sit there lady  
taking a drag on your cigarette  
Get down on your knees lady  
and give me head  
Oh yeah

(drum solo)

Oh i love you baby  
More than words can say  
You're just a sex machine lady  
fucking me every day

(chorus)

(guitar solo)
