In the city where I'm from  
There are lovers 'til the dawn  
And you stayed up to see the sun  
I couldn't wait that long

Who's gonna get up after we're gone  
Who's gonna get up after we fall  
Who's gonna pick up what we've done wrong  
Who's gonna get up after we're gone

In the city where I'm from  
Lions in cages just for fun  
But you will pace around your cage  
And wait for night to come  
In the city where I'm from  
They shoot you down if you're wrong  
But we don't stop to check the time  
'Cause time keeps moving on and on and on

I've seen you in another place  
Eyes beckon familiar face  
The city joins us with hands of grace  
Hands free there are no constraints  
Just ignore all that you see  
The illusion of you and me  
Illusions come illusions go  
And if I leave you'll never grow old

In the city where I'm from  
There are lovers 'til the dawn  
And you stayed up to see the sun  
I couldn't wait that long
