How many teardrops  
Have I cried over you  
A million and one tears  
A million and two

How many long nights  
Have my arms ached for you  
A million and one nights  
A million and two

Loving you, darling  
While I thought  
You loved me, only me  
But you were just fooling  
And the fool you  
Were fooling was me

How many sweet dreams  
Will never come true  
A million and one dreams  
A million and two

Loving you, darling  
While I thought  
You loved me, only me  
But you were just fooling  
And the fool you  
Were fooling was me

How many sweet dreams  
Will never come true  
A million and one dreams  
A million and two
