I don't want to be the one to
Say I'm gonna miss you
But I will, I will

I don't want to say I'm
Gonna cry my eyes out, baby
But I will, I will

I'm not ashamed for you to know
How much I really loved you so
Cause it was such a thrill

And just remember when you're gone
There'll be that someone sad
Who loves you still

You will look at him and
See me smiling back at you
I know you will, you will

And you will find yourself
Repeating things we used to do
I know you will, you will

Don't wonder if
You want to come back
Just come running home to me
And let me feel the thrill

Cause I'm the one who told you
I would love you, dear, forever
And I will, I will

I will, I will
I will, yes, I will

Oh, you will look at him and
See me smiling back at you
I just know you will, you will

And you will find yourself

Repeating things we used to do
I know you will, you will

But don't wonder if
You want to come back
Just come running home to me
And let me feel the thrill

Cause I'm the one who told you
I would love you, dear, forever
And I will, I will, I will
